

COBI.time Manual

The COBI.time user manuals are divided into three categories to help you to set up COBI.time and use it:

- COBI.time user guide for the [Administrator](#)
- COBI.time user manual for the [Standard user](#)
- COBI.time user manual for the [Manager](#)

The manuals assume that the user is familiar with the PC or device on which COBI.time is installed. The person working with COBI.time must have sufficient security clearance and be authorized according to the status of the company.
